Jeffrey Osborne Ultimate Collection Torrent.The Black Sea is Europe's most important inland waterway and a lifeline for trade, and increasingly for trade in natural gas, according to a new report. Energy security and trade linkages are key factors in the Black Sea's importance as a transit route and maritime hub, says the report "Black Sea - A transport region in the Black Sea region" by the energy journal, Energy Globes. It highlights the importance of the Turkey-Bulgaria-Ukraine-EU gas pipeline as a supply route for natural gas from the Caspian and of maritime security with the EU getting a significant amount of its oil and gas imports from the Caspian and Black Sea routes via Russia. "The Black Sea region is the greatest untapped energy region in Europe, with the potential of being a net exporter of gas to the EU, as evidenced by the start of negotiations to provide LNG to the EU through the Turkey-Bulgaria-Ukraine-EU pipeline," said the report. Speaking on a panel at the Black Sea Petroleum and Gas Fair, which took place in K
